DAILY TECHNOLOGY REPORT

Today's Technology Trends

August 27, 2026 (Thursday)

A FEW SIPS

Today, the Nvidia and Hugging Face merger and academic studies on the language independence of large language models (LLM) capabilities stand out on the technology agenda. In the software world, the development of open source alternatives to the artificial intelligence-focused management approach and updating the terms of service on source code platforms constitute a remarkable trend.

01 zedeus/nitter

An abstract for this item could not be produced today · see the source link for details.

Nim · ★ 13,703 · +63 today <https://github.com/zedeus/nitter>

02 freestylefly/awesome-gpt-image-2

An abstract for this item could not be produced today · see the source link for details.

JavaScript · ★ 22,709 · +2,093 today <https://github.com/freestylefly/awesome-gpt-image-2>

03 tt-a1i/archify

An abstract for this item could not be produced today · see the source link for details.

JavaScript · ★ 21,754 · +4,260 today <https://github.com/tt-ali/archify>

04 JetBrains/go-modern-guidelines

An abstract for this item could not be produced today · see the source link for details.

Go · ★ 1,938 · +314 today <https://github.com/JetBrains/go-modern-guidelines>

05 anthropics/claude-plugins-official

Anthropic has created an official directory of high-quality plugins developed for the artificial intelligence model Claude. This resource collects functional tools in a single center that developers can integrate into the Claude Code application.

Python · ★ 34,554 · +290 today <https://github.com/anthropics/claude-plugins-official>

06 K-Dense-AI/scientific-agent-skills

Scientific-agent-skills offers 163 ready-made skills and more than 100 scientific databases that specialize artificial intelligence agents in scientific research processes. This library, which works in the fields of biology, chemistry and medicine, can be integrated with various development tools such as the code editor Cursor or the artificial intelligence assistant Claude Code.

Python · ★ 35,095 · +494 today <https://github.com/K-Dense-AI/scientific-agent-skills>
